Washing My Hands
Sometimes when I play outside my hands get dirty. Then I have to wash them.

Other times, my hands do not look dirty but I still have to wash them.
I have to wash them because I have germs on my hands. The germs could make me or other people sick if I do not wash them off.

When I go to the bathroom, I get germs on my hands. That is why I must wash my hands after I use the bathroom.
Before I eat or cook, I must wash the germs off my hands. That way, I won't be getting germs on my food because this could make me sick.

This is how I wash my hands. First, I turn the water on and adjust it so that it is warm. I get my hands wet in the water.
Next, I put soap on my hands. I rub my hands together. I make sure that I clean between my fingers and around my fingernails.

Then I rinse the soap off and turn off the water. Finally, I dry my hands.
I wash my hands when they are dirty. I wash my hands after I use the bathroom. I always wash my hands before I touch food.

Sound Scavenger Hunt
The sound scavenger hunt is comprised of sentence strips, vocabulary, and a heard pocket. The sentence strips can be used as a page or cut and used as individual strips. In the picture below, I have printed 2 copies of everything except the heard pocket. One set is cut out and velcroed to the remaining pages. The pages can then be stored in a binder. The sentence strips are placed in the heard pocket after the student hears the item.

Suggested activities for getting ready for school

1. Put cards in order to show the steps in getting ready for school.

2. Copy cards and make a visual reminder of the steps.

3. Copy the cards and have the student paste them in order.

4. Copy the cards and have student make their own book and write about getting ready for school.
First, I go to the bathroom and then I wash my hands. Now I am ready to eat breakfast. (Some people get dressed before breakfast. Do you?)

When I wake up in the morning, I have to do lots of things so that I am ready to go to school.
When I am finished, I go to my bedroom. I take off my pajamas and put them away. Then I put on clean underwear and clean socks.

After breakfast, I wash my hands and face. Then I brush my teeth.
Next, I put on clean clothes. It is important to wear clean clothes. I like to look good. Other people don't like to see me in dirty clothes.

Then, I comb or brush my hair. Sometimes I have to put water on my hair so that I can comb it neatly.
Now I am ready to go to school. My face and hands are washed. My teeth are brushed. I am wearing clean clothes. My hair is combed neatly. I look great!!

If I wear glasses, I have to remember to clean them. I can see out of my glasses much better when they are clean.
Print and laminate these 2 pages. Cut out the squares on this page. Put velcro on the squares on the first page and on the backs of these squares. The student must sort these pictures into the appropriate categories of public or private.

- get undressed
- go to bathroom
- bathroom stall
- bedroom
- pick nose
- pass gas
- bathe
- Wendy's
- eat

What is the difference between PUBLIC and PRIVATE?

PUBLIC is different from PRIVATE. PUBLIC is when there are many (2 or more) people. PRIVATE is when there is just one person.
PUBLIC places are places where you are likely to see other people as well as yourself. Schools, stores and parks are PUBLIC places. Can you think of other PUBLIC places?

PRIVATE places are places where you are usually alone. When you are in your bedroom or bathroom with the door closed at your home you are in a PRIVATE place.
Bathrooms in PUBLIC places like schools are used by lots of people. When you need to do something PRIVATE in a PUBLIC bathroom, you go into a stall and close the door.

When we are in PUBLIC places, we wear clothing that covers our bodies. Usually, most of our body is covered with clothing, but certain parts of our bodies are always covered. These parts are the parts that would be covered by a bathing suit.
Sometimes in PRIVATE places, like the bathroom, or when changing clothes, these parts of the body are not covered.

We call the parts of our bodies that would be covered by a bathing suit our PRIVATE parts. We do not show our PRIVATE parts in a PUBLIC place. It is inappropriate behaviour and not acceptable.
PUBLIC behaviours and language are used when you are with other people. If you behave in PUBLIC in an inappropriate way, people will think you are strange, and may laugh at you.

Other behaviours are considered to be PRIVATE. Things like going to the bathroom, brushing your teeth, adjusting your underwear, burping, or picking your nose are PRIVATE behaviours.
If you do these PRIVATE things in PUBLIC places, people may think you are acting inappropriately. That is not OK. People will not want to be with you when you do PRIVATE things in PUBLIC places. They will feel embarrassed.

Let's review...

Can you name some PUBLIC places?

Can you name some PRIVATE places?

What are some PRIVATE things that you should not do in PUBLIC places?

How will your friends feel if you do PRIVATE things in PUBLIC?

Can you sort the cards into PRIVATE and PUBLIC?

Most children love to sing songs and will initiate practice on their own. Visual songs offer the AAC user and the early language learner support in their comprehension of specific words, and offer a fun way for children to practice the motor programming of speech sounds. The use of music is supported in the methodology of Melodic Intonation Therapy (Audrey Holland). These songs are an extension of this theory and provide the teacher with a ready, fun, and familiar context to stimulate verbal production.

Some songs such as: This Old Man, and Tickle My Nose are visual supports based on the work of Carol Goosens Aided Language Stimulation Approach. The purpose of the original i.e. Tickle My Nose Song is to allow the student to “mand” (ABA approach) for the agent, the action, and the object they would like to interact with. This should be done with three puppets. Pictures must correspond with the puppets i.e. bear, clown, sheep. The student can then ask for a specific puppet to “tickle, rub” etc. one of their body parts. The song is to the tune Frere Jacques.

Primary songs are the common repertoire of early childhood for North American culture.

Songs for Routine suggest ways to put words to daily routines thus turning a work task such as Cleanup into a fun activity. Some songs have been modified such as: “Lazy Mary” to “Sleepy Mary.”

*What do you want to eat today and What do you want to wear today* are to the tune of Peter, Paul and Mary’s *What did you Learn in School today,*

*What do you want to eat today and What do you want to wear today* are to the tune of Peter, Paul and Mary’s *What did you Learn in School today,*

*What do you want to eat today and What do you want to wear today* are to the tune of Peter, Paul and Mary’s *What did you Learn in School today,*

*I want to ride* is to the tune of Peter, Paul, and Mary’s *Take Me for a Ride in Your Car*.

Those who have the Mayer-Johnson Boardmaker application are encouraged to further customize their boards by modifying the symbols to reflect the target child’s name, physical appearance and personal choices.

On Top of Spaghetti

It rolled off the table and onto the floor and then my poor meatball rolled out of the door.

It rolled in the garden and under a bush and then my poor meatball was nothing but mush.

The mush was so yummy as yummy could be early next summer it grew into a tree.

The tree was all covered with beautiful moss it grew lovely meatballs and tomato sauce.

So if you eat spaghetti all covered with cheese hold onto your meatball and and don’t ever sneeze.

This song is intended to teach "manding" of agent+ action+ location.
I used puppets of the bear, clown and sheep.
The song asks the Agent to do the Action to the boy or to the singer. Sing to the tune of Frere Jacques.
The singer points to the body part where he wants the action done.

I'm a Nut
I'm an acorn small and round,
Lying on the cold cold ground
People come and step on me
That's why I'm so cracked you see
I'm so nutty, I don't know
Why the squirrels love me so
I'm descended from an oak
Nuts to you and that's no joke
