Consent Agenda
The Board reviewed and approved the June Meeting Minutes and Business report. We acknowledged an overage of the 2018-2019 programs budget. We did not vote on a Minister’s Report as none was provided. The board and ministerial team are still determining the best format and process for Ministerial Reports given the new staffing structure.

Finance and Projects Update
There were no notable changes to report on the Restricted Contributions Report. Two motions were voted on and approved:

- Restrict $12,338 of the FY 2019 Surplus to be used for capital projects
- Approve a Policy exception for the Appendix A.II.C.1 requirement of allocating “… not less than 50% of the surplus to the Contingency Fund if is is not fully funded … ”

Board Appointments
