How to Reach Patiala

- Patiala is well connected with Road and Rail from Major Cities of the India. The Nearest Broad-gauge Station is Patiala which has direct trains from Delhi. However, most of the train touching Patiala is coming up to Rajpura / Ambala / Chandigarh where Northeast, West and South Bound Trains are available. Patiala is well connected with Ambala, Rajpura, Chandigarh and Delhi. The buses and taxis are available regularly.
- The nearest Airport is International Airport Chandigarh and well connected with the air services from major cities of the India.

Tourist Attraction

- Patiala is popular for its rich historical values. Patiala is Punjab's most well-known princely state. Major tourist destinations are at few hours' drive from Patiala. Golden Temple (Amritsar), Shimla (Queen of Hills), Rock Garden Chandigarh, Chhatbir Zoo, Dehradun, Mussoorie, and other hill station conveniently approachable.

ABOUT THE WORKSHOP

In the context of current competition to become excellence in research work and occupies top rank in ranking system, academic institutes are investing huge amount of money in research related activities. This investment ought to give a return (RoI) in terms of research publication, projects, funding, job and many more.

The libraries are in huge pressure to supplement the research information needs of the institute to sustain in the benchmarking system. At the same time the library professional has to develop skills needed to support research services other than the traditional services. Keeping in view to enhance the search support skills, the workshop has been conceptualized with the aim to:

- Train the new generation librarian to search, evaluate and consolidate research-oriented information
- Assist faculty and research scholar in their research work
- Help institutes in benchmarking activities with the research-intensive information

Workshop Methodology

The Workshop will have both presentation and discussion, one-to-one interaction with the eminent experts from leading institutes of India

CONTENTS OF WORKSHOP

- Research Information Literacy
- Research Data & Information Management
- Social Media & Research Impact (Altmetrics)
- Research Impact Assessment
- Electronic Resource Management
- Open Data & Open Access Publishing
- Research Visibility
- Ethical Use of Resources /IPR /Copyright
